INJUSTICE GAME

### LIFE CARD

You were born with a visual impairment and have worse opportunities of going to school than other children. You cannot roll the dice on the star shaped space.

### LIFE CARD

You have wealthy relatives who support your education. You can get to school directly from the star shaped space.

### LIFE CARD

Your parents have not attended school and do not see the need for you to go to school either. You can get into school from the star shaped space if you roll a 1.

### LIFE CARD

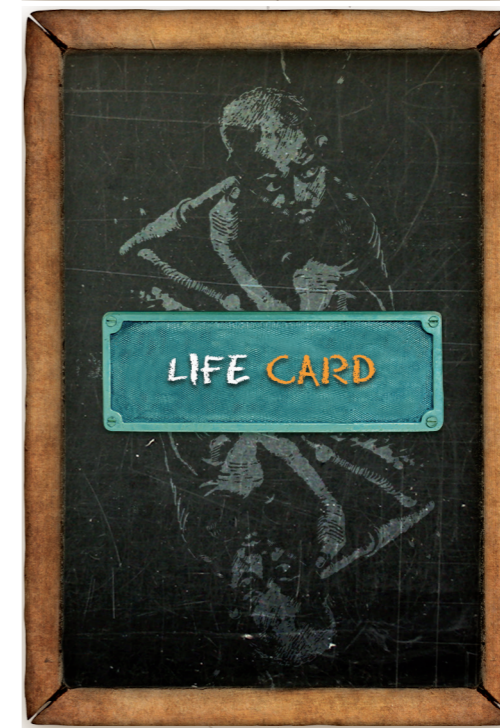

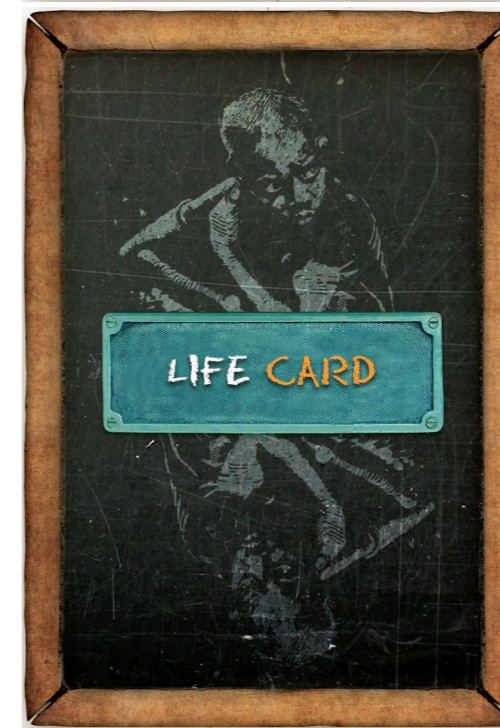

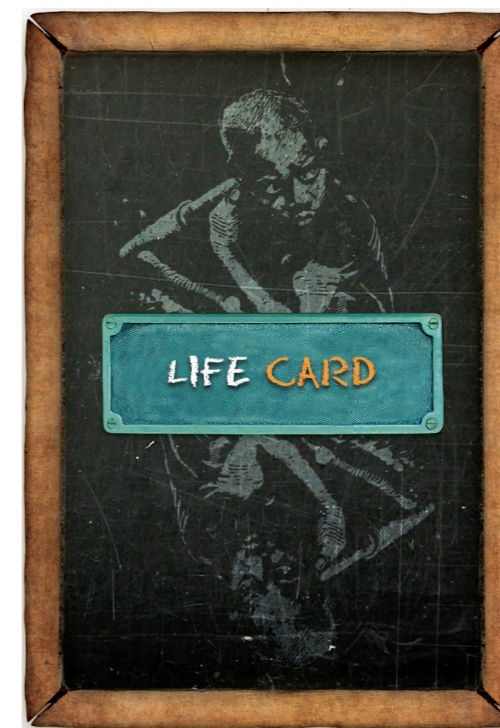

Your parents have attended school and want to invest in your education as well. You can get to school from the star shaped space, if you roll an even number.

### LIFE CARD

Your home is far from the school and trip is very dangerous. You can get to school from the star shaped space, if you roll a 1 or a 6. However, in your school path you can only move forward one space at a time. Do not throw the dice on the school path.

### LIFE CARD

Because you are a girl, your parents do not want to invest in your education as they want you to marry early. Without a change of mindset, your chances of starting school are uncertain. You can get to school by rolling only a 6 on the star shaped space.

### SCHOOL PATH

A creditor collects on dad's old loans and you have to go back to work. Go back to START.

### SCHOOL PATH

Your mother falls seriously ill, and you must do the housework for your family. You no longer have time to go to school. Go to START.

### SCHOOL PATH

Officials decide to end the school's permit and build a shopping center in its place. The whole game is over.

### SCHOOL PATH

A monsoon destroys your home. Go to START.

### SCHOOL PATH

You need revision to get to the next grade. Write the alphabet on paper three times.

### SCHOOL PATH

The flooding causes damage to the school and the school is closed for a few weeks. Everyone in the school will have to move back six steps, however not further than first grade.

### SCHOOL PATH

School is going well. Your parents decide to send your sibling to school too. Choose which one of the other players will move from the cycle of poverty to the first grade.

### SCHOOL PATH

Your dream of becoming a doctor creates extra motivation to study. Go to the next grade level.

### SCHOOL PATH

You fall ill and your family cannot afford a doctor, so your illness is prolonged. Return to first grade.

### SCHOOL PATH

A bulldozer destroys the slum you live in since it was built illegally. You have to move to the other side of the city. The game ends for you.

### SCHOOL PATH

Due to different infectious diseases, hygiene is important in the school. Everyone attending school has to wash their hands.

### SCHOOL PATH

Through Fida's partnership program you receive school supplies making it easier to go to school. You can roll the dice again.

### SCHOOL PATH

Roads are blocked due to riots, and you are late for school. The teacher punishes you: go to the corner of the room and stand there until your next turn.

### SCHOOL PATH

Your parents have arranged an early marriage for you. If you are female, you will have to drop out of school and return to START.

### SCHOOL PATH

The school building will be demolished due to poor building materials. The new premises will be cramped, so the number of pupils will be reduced. The player who is furthest along the school path must return to START.

### SCHOOL PATH

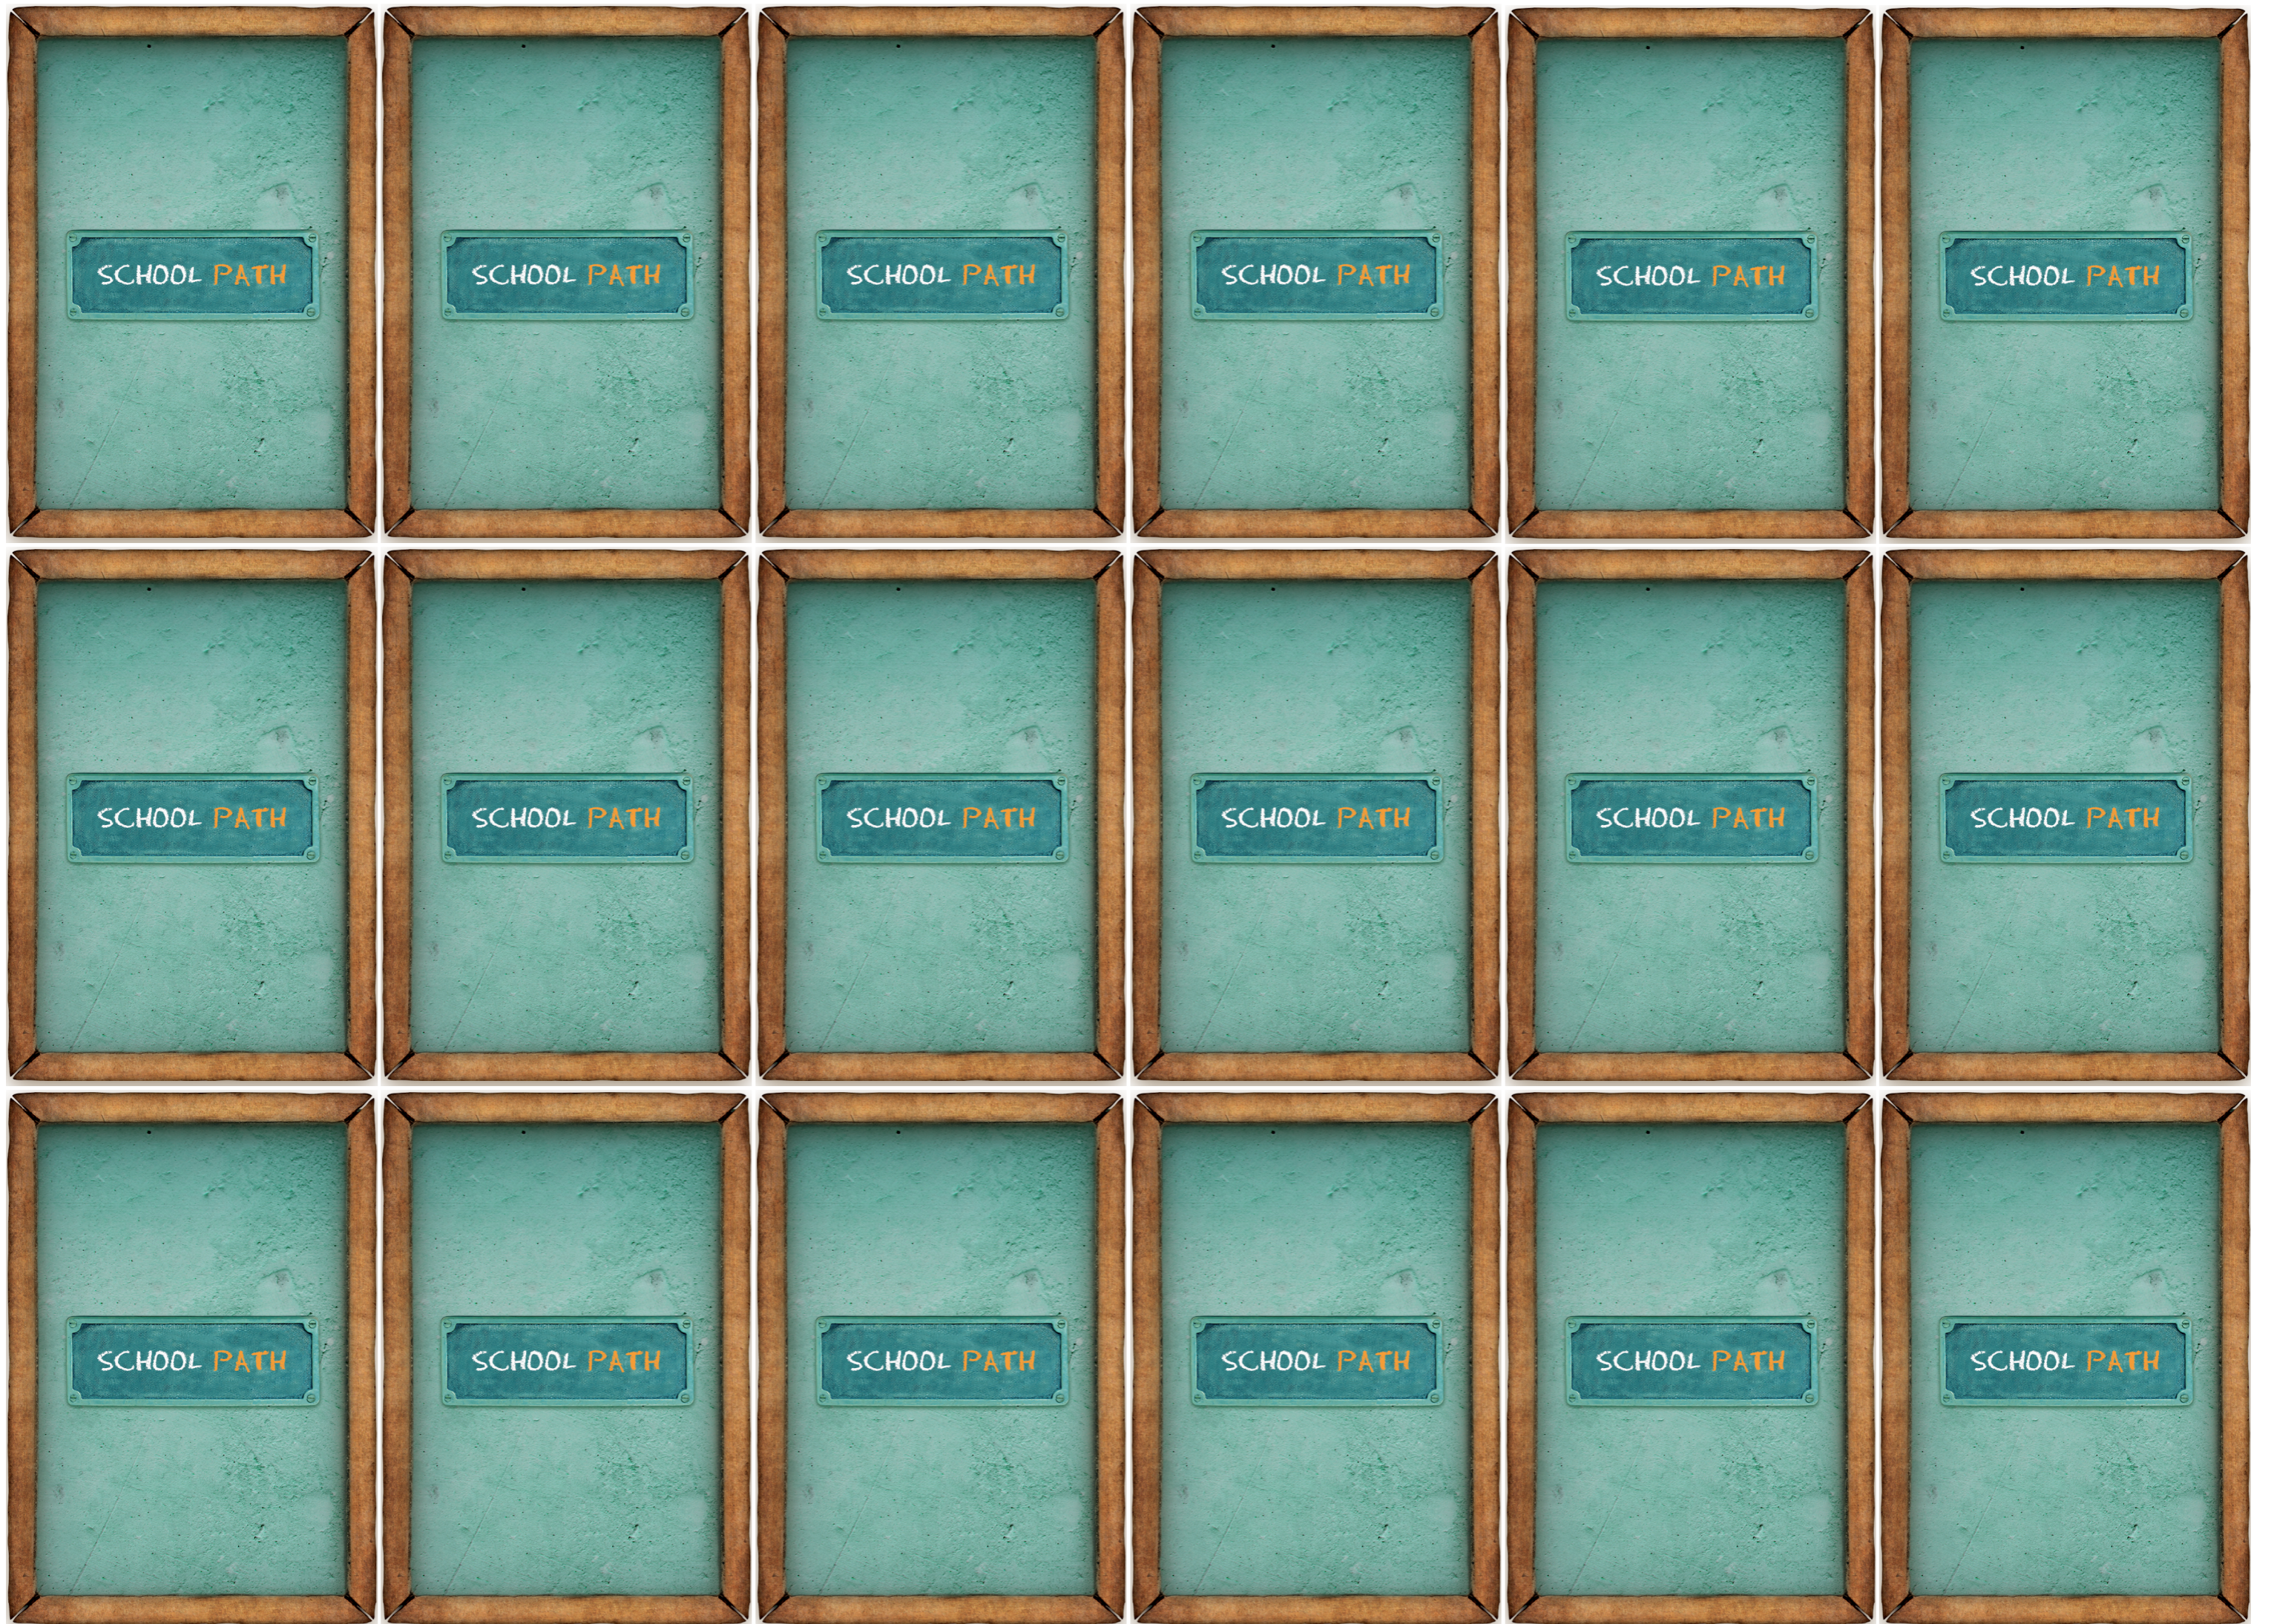

Your parents force you to work in the evenings. On every other roll, move back the number shown on the dice.

### SCHOOL PATH

You break your leg and cannot go to school for a few months. Go back to the previous grade level.

### SCHOOL PATH

Your sibling is getting married, and you had to stay home for a week to help with the wedding arrangements. Skip the next round of the game.
